NOTICE.

ERRATA.

Corrections have to be made from month to month in these returns, consequent on the receipt from Local Governments of statements of errors discovered in the returns submitted by them.

These corrections may often render it impossible, in the absence of further explanation, to reconcile the figures of one monthly return with those of the next preceding one, and in order to prevent any difficulties thus arising, it has been decided to publish with each return a list of the corrections which have had to be made in the preceding one.

The following corrections have been made in the return for April :—

NOTICE.

ERRATA.

Corrections have to be made from month to month in these returns, consequent on the receipt from Local Governments of statements of errors discovered in the returns submitted by them.

These corrections may often render it impossible, in the absence of further explanation, to reconcile the figures of one monthly return with those of the next preceding one, and in order to prevent any difficulties thus arising, it has been decided to publish with each return a list of the corrections which have had to be made in the preceding one.

The following corrections have been made in the return for May:—

NOTICE.

ERRATA.

Corrections have to be made from month to month in these returns, consequent on the receipt from Local Governments of statements of errors discovered in the returns submitted by them.

These corrections may often render it impossible, in the absence of further explanation, to reconcile the figures of one monthly return with those of the next preceding one, and in order to prevent any difficulties thus arising, it has been decided to publish with each return a list of the corrections which have had to be made in the preceding one.

The following corrections have been made in the return for June:—

NOTICE.

ERRATA.

Corrections have to be made from month to month in these returns, consequent on the receipt from Local Governments of statements of errors discovered in the returns submitted by them.

These corrections may often render it impossible, in the absence of further explanation, to reconcile the figures of one monthly return with those of the next preceding one, and in order to prevent any difficulties thus arising, it has been decided to publish with each return a list of the corrections which have had to be made in the preceding one.

The following corrections have been made in the return for July:—

NOTICE.

ERRATA.

Corrections have to be made from month to month in these returns, consequent on the receipt from Local Governments of statements of errors discovered in the returns submitted by them.

These corrections may often render it impossible, in the absence of further explanation, to reconcile the figures of one monthly return with those of the next preceding one, and, in order to prevent any difficulties thus arising, it has been decided to publish with each return a list of the corrections which have had to be made in the preceding one.

The following corrections have been made in the return for August:—
